

AGENDA

WORKING PROGRAMME (REALISED)

Monday 29th November 2021

12.00 – 13.30

Registration and buffet

13.30 – 14:00

Welcome foreword by Project Coordinators, Luc FILLAUDEAU (INSA, TBI) and Souad ROUIS (CBS)

- Short presentation of all participants for PO,
- Introduction of our new PO, Pr. Vasiliki EXARCHOU.

14:00 – 15:45

WP Reporting : WP 1 – Management (Luc FILLAUDEAU - TBI)

- Introduction of our new PO, Pr. Vasiliki EXARCHOU,
- Project history and reminder about funding and human resources.
- Reminder about conclusion from PM3 and realised actions.
- Consequence of Covid-19 crisis, realised secondments over 2021
- Scheduled and pending secondments (for next planning), possible scenario
- Administrative control of each partner (Portal, Workspace and EC questionnaire)
- Deliverables overview

WP 5 – Networking & Outreac

- Realised and pending events (following PM3)
- Consortium meeting, Training, Round table for 2022

WP 6 – Dissemination & Exploitation

- Scientific papers in progress or submitted: WP2 (by LF/SR), WP3 (DS) and WP4 (SF).
- Call to scientific congress 2021/2022

15:45 – 16:00

Coffee break

16:00 – 18:30

WP Reporting : WP 2 – Bioprocess (Souad ROUIS - CBS)

- Update and last actions (progress status of secondments, scientific works).
- Lab scale investigation in flask (strain genomic analysis, physical characterisation of wet bran) (USJ, TBI, TWB) → by Rita BARSSOUM and Luc FILLAUDEAU
- Bioreactor scale with SSM : from raw data up to modelling and valorisation (TWB, TBI, CBS, USJ, MEDIS) → by Cesar ACEVES
- Bioreactor scale with WB : from raw data up to bioperformances and biokinetics (TWB, TBI, CBS, USJ, MEDIS) → by Nouha ABDELMALEK

Discussion & exchanges (~ 1h):

- Scientific and technical results (quality? Interpretation? Data gap?).
- Secondment planning, actions and trainings implementation (Souad ROUIS),
- Priority actions : experiments and valorisation,
- Deliverables and EU Portal reporting up to 2022.

19:30 – 22:00

Diner in Toulouse

Tuesday 30th November 2021

8:30 – 9:00

Welcome Coffee – Informal talk - Registration - Connecting time to visio-conference

9.00 – 11:45

WP Reporting : WP 3 – Biotech (Dietrich STEPHAN - JKI)

- Update and last actions (progress status of secondments, scientific works)
- Production and formulation (JKI, USJ, MEDIS, BIYANS, BIPCA) → by Dietrich STEPHAN
- Efficiency : Lab and Field assays (JKI, CBS, CTA, BIYANS) → by Gül AYYILDIZ, Souad ROUIS

11:45 – 12:00

Coffee break

12:00 – 13.45

WP Reporting : WP 3 – Biotech (Dietrich STEPHAN - JKI)

- Risk assessment and Eco-toxicology (IPT, BIYANS) → by Balkiss BOUHAOUALA

Discussion & exchanges (~ 1h30 - continued) :

- Scientific and technical results (quality? Interpretation? Data gap?).
- Secondment planning, actions and trainings implementation (Dietrich STEPHAN),
- Priority actions : experiments and valorisation,
- Deliverables and EU Portal reporting up to 2022.

13.45 – 14.30

Buffet

14.30 – 16.15

WP Reporting : WP 4 – Economic maturation (Sara FALVO - BIPCA)

- Update and last actions (progress status of secondments, transfer works) → by Sara FALVO
- Business plan (WIKI, MEDIS, TWB/TBI, BIPCA) → by Mondher KHANFIR
- Process & Instrumentation Diagram (PID) and plant design (MEDIS, WIKI, CBS, TBI/TWB) → Nadia BEN SAÏD

Discussion & exchanges :

- Economical maturation and transfer (milestones, exploitation path).
- Secondment planning, actions and trainings implementation (Sara FALVO),
- Priority actions : discussion about IP & patent, scale-up and industrial production, request for additional EU support (ex. Horizon Results Booster),
- Deliverables and EU Portal reporting up to 2022.

16.30 – 17.00

Coffee break

16:30 – 17:00

Visit of TWB infrastructure for Consortium / Exchanges between PO and Coordinator

17 :00 – 18 :45

WP 1 –Management (Luc FILLAUDEAU) → Secondment refilsument to prepare new GA & collective discussion

Organisation of next 12 months (last period until January 2023)

- What do we want to achieve by December 2022? in an ideal (no Covid) but realistic (obtained or available results at present time) world !
- Project planning and implementation (secondment, training, valorisation) up to December 2022. → On-going and future actions

Post-poned to PM5

~~Collective discussion per WP and with full consortium / Assessment of WP actions in small group~~

- ~~• SWOT analysis of IPM 4 Citrus per WP (20 minutes),~~
- ~~• Actions to prioritise per WP (10 minutes) and~~
- ~~• Restitution per WP leader (10 minutes/ WP) → To integrate in final report.~~

18:45 - 19:15

Short wrap-up, open-discussion with our PO and conclusions of meeting

- Consortium management and B2 funding up to December 2022,
- Events to come for our consortium

20:00 – 22:30

Diner at INSA
